

# Technical Data Sheet

Part # 1210	Name: The ADJUSTER by Attitude (pat pend) Optional Fueling Profile #10
-------------	---

### Product Description:

Optional fuel profiles create a fuel curve based on RPM. Attitude Performance Products offers 4 profiles of different variations to fit your vehicle's needs.

APP #1210 (Optional Fueling Profile #10) -- Recommended for 913 pumps and all pumps with notched-style plungers, and for stock or lightly modified trucks

### Replaces:

N/A

### Install Instructions:

**BEFORE REMOVING YOUR ATTITUDE ADJUSTER FROM THE PUMP, SET THE IN-CAB CONTROLLER TO FULL FUEL (LEVEL 10)**

Remove the factory-supplied "0" fuel profile from The ADJUSTER by Attitude (pat pend) housing. Reinstall the new fuel profile and torque to 10 ft.lbs. Then test drive the vehicle and re-adjust your #1 setting on your in cab controller to your preference.

*A word of caution before attempting any performance modification: It is the sole responsibility of the purchaser and installer of any APP part to employ the correct installation techniques required to ensure the proper operation of the part. APP offers the highest quality performance parts; however, APP holds no liability for any part failure due to improper installation or use. Some APP parts can be used for off-road and competition. It is the sole responsibility of the customer to verify that the use of their vehicle and items purchased comply with federal, state and local regulations. APP offers no certification regarding pollution-controlled devices or mandated emissions requirements. Performance products are legal in California only in certain strict circumstances. There is no instance where APP, it's officers, members, employees, agents, representatives, and/or volunteers are liable for any damages, personal or mechanical, whatsoever.*
